Thank You!!!!

Hello, My Name is Joseph DuMarce. I would like to send a thank you for the package I've received! I appreciate the thoughts, effort and items from this package. This is my first time being in prison and I was not prepared. I don't get much money on my books but I am doing alright for my first time. And this package really helped a lot! I'm grateful for it. To the people who thought about us in this pandemic, I thank you!

I am 21 years old from West Sacramento and I will be home Sep. 2021. Upon my release I would like to make any donations to help for future plans. Yes it's okay to share my letter with others.
- Joseph D.

Thank you and God bless you all!!
May the Lord be with you in these hard times!
