Dear Prison University Project,

04-27-2020

First and foremost I hope this letter reaches you in good health and spirit! I consent in sharing my letter to whomever in full. All praise due to God and full Blessings due to The Prison University Project! I appreciate the care package/Gift I received from you guys. To me, It feels good to know that people is thinking of us Prisoners in CDCR. I'm in reception Center in San Quentin, and until you guys gave us the package I had little knowledge about the CoronaVirus, so I appreciate the information I received about the origin and safety procedure about the CoronaVirus. My name is Deion Gilman (CDCR # 803219). I feel the need to send my gratitude and blessings due to the blessing I received from you guys. I conclude this short thank you letter by encouraging the Prison University Project to continue the good deeds and legal help us Prisoners in CDCR. is receiving.

Sincerely,  
Deion
