ATTN: PUP Staff and Oarius

To PUP staff.

whats Poppin? I hope everybody is doing well and staying safe. Please: **STAY INSIDE!!!** The Governor of Georgia ~~is~~ is crazy for real. People that are A symptomatic will get people sick and flare up the spread again. I don't want that for you guys, so please stay inside, stay safe.

Thank you to every last person who help put the care package together, ~~thank~~ ^{thank} you for the love and support. For each person that put each item in the bag, holding bags open, sealing them, putting them in boxes, taping the boxes, paying for the items, the thought behind the care package, I'm appreciative of the entire process, thank you all. I'm sure you guys had some kind of line going, listening to that classic song "16 lines" by some hip hop legend name Kells, whatever right? 😊

Anyway. once again, thank you to PUP staff, teachers, instructors, friends and newly return citizens. It is my hope that this virus has allow us to recognize what truly matters in this life time and the next, is the people and the love we give unconditionally, love each other, support each other regardless of class, gender, ethnicity, ~~but~~ because it is clear that someone who encourages the population to infect disinfect gives

Two fucks about us so somebody has to. WHY NOT US?
WHY NOT EACH OTHER? stay safe, stay
healthy, thank you all.

Kells.

P.S. A quick note about what's going on on the inside and
you can share this letter on your website and let
me know how many likes I get!! / Just recently, a
memo, and this is rumor don't know how sure this is
truth, but recently, a memo in WB stated that all
inmates must sleep with their heads at different ends of
the bed inside the cell to create social distancing. UNDERSTAND
THIS: I'M ON THE TOP BUNK. I SLEEP WITH MY
HEAD TOWARDS THE SINK AND MY CELLY SLEEPS
WITH HIS HEAD TOWARDS THE BARS, TO CREATE
SOCIAL DISTANCING!!! This is a poor effort ~~not~~ by
CDC not to let people go because everybody knows how impossible
it is to create social distancing in prison. We're in close quarters
in the cells, walking to get our food, in the showers, and in
the pill line. Myself and brain Richie clean the 2nd tier in
NB every night to limit the spread of any virus. He cleans
mostly, I kick in a little bit. We shower every other day
as well as get yard time. Each side of the building goes
separately. Certain food items are running out in the
canteen like ~~some~~ soups, and oatmeal. And I think more
healthier food choices should be incorporated into the
canteen so people can boost their immune systems and
stay ~~healthy~~ healthy.
