Pray these few times find whoever was responsible for sending that care package to me. First I want to say

Thank You! 😊

that was kool and I appreciate it

After being wrongly convicted I'd lose hope in my so-called peers, then y'all do stuff like this at a time when the television is trying to tell me everybody is on something, up to something or not paying attention. I'm not swayed by the Big Banks agenda and believe what you put on the world is what you get out of it. I appreciate the positivity and light you throw my way and you have my word that I in turn will pass it on. Thank again  
Sincerely Herb
