Hi. Prison University Project

Thank you so so much  
for your Human Kindness  
with this wonderful gift  
you are all so so nice and  
I am grateful, Thank you.  
With all my heart.

I did a few drawings  
for you all and I hope you  
like them. Like this Prison  
University Helping so much with  
my art work.

I would like to let you  
know I am 62 years old with  
existing health issues with  
over 34 self-help classes  
completed, 30 years of  
incarceration, my attention  
was staying focused on being  
released from incarceration  
one day so I became a  
supporter of self-help.

So I thought I would  
write to you all and  
Thank you with a

Message from my heart.  
I am I level one inmate working to ensure that this first term incarcerated will be my only time.

The time I spent in prison I have not let be a waste of time. nor had I let the time I spent in your college program be a waste of my time. STAY safe and healthy and I do think of you all all the time.

To all in prison university project thank you all for allowing me the time to discuss a small part of my life and out in the time of such challenges, we all change with time. ITS OK to share my letter it may help someone this is how it works fellowship.

Sincerely,

Love Stetten Jones
