## Prison University Project

To Whom Concern, I've been caged in North Block since 2010 to this present date and time. Only twice the air-vents above have been cleaned and they are now again clogged today as I write. The air-vents are a priority or should be due to serious conditions of the Coronavirus and the over-crowded number of inmate caged in North Block. I'm going to leave the etc. alone because one matter at a time, shouldn't be asking for much in terms of safety and cleanliness.
